Computhink Recognized as “Best Channel Vendor” for Fourth Consecutive Year

Lombard, IL, January 3, 2012 – Computhink, Inc., a leader in providing Document and Content Management Solutions to small to mid-sized (SMB) organizations, announced today their recognition as a “Best Channel Vendor” in the January 2012 issue of *Business Solutions* magazine. The award was for the Enterprise Content Management (ECM) Software category.

“This is the fourth consecutive year our ViewWise resellers have voted Computhink as Best Channel Vendor,” said John Stelmach, President of Computhink. “The credit goes entirely to our channel of resellers who have helped us deliver best-in-class, market-driven products. We continually strive to deliver unrivaled support services as evidenced by our exceedingly satisfied channel of resellers. Computhink continues to rely on its channel first and foremost - their success is our success”.

Results were tabulated by averaging ratings given in the following seven categories: Service/Support, Channel Friendly, Channel Program, Product Features, Product Reliability, Product Innovation, and Adequate Value-Added Reseller (VAR) Margins. The survey was conducted online, which allowed for 11,000 votes to be cast. In partnering with Penn State University, *Business Solutions* collected votes from VARs over a period from mid-September through early-October, 2011.

According to BSM, Computhink earned the **highest overall marks** of any vendor across any category to receive votes. Most notably, Computhink has the **most satisfied resellers in terms of Product Margins** based on these survey results.

The flexibility of Computhink's ViewWise Document Management Solution can be directly credited for the well-deserved recognition from Computhink's Channel Program. ViewWise is able to integrate with almost any software program, has competitive pricing and a dedicated marketing team. Other product features such as Workflow, Email Archival, Front End Capture, and Electronic Signature (Signwise) continue to satisfy Computhink Value-Added Resellers.
