ViewWise Earns 4.5 Star Rating from CPA Technology Review

Lombard, IL, July 14, 2010 – The *CPA Technology Advisor*, the definitive resource for information to more than 40,000 tax and accounting professionals in public nationwide, has released its [reviews](#) of Document Management and Document Storage systems for 2010, with Computhink's ViewWise Document Management Solution receiving a top rating of 4.5 stars.

ViewWise was rated at the following levels across each graded category: Core Functionality (4.25), Integration (4.75), and Advanced Functionality (4.75), for an average mark of 4.58, which was then rounded down. This is the third straight year that ViewWise has received a review of 4.5 or higher from *CPA Technology Advisor*, proving that ViewWise has been and will continue to be a consistent Document Management Solution for accounting firms worldwide. The full review is available on the [CPA Technology Advisor website](#).

"Our goal with ViewWise is to continually evolve the product with features that appeal to specific industries," said Vince Smolek, Computhink's Director of Product Management. "Our latest version of ViewWise provides easy integration with many popular accounting packages and is a great fit in a document intensive vertical like accounting."

Accounting and CPA firms are paper intensive environments that need to reduce costs, increase service levels and operational efficiencies, and also comply with various regulatory laws. ViewWise has shown through these *CPA Technology Advisor* reviews to answer all Document Management concerns and more for these firms.

2010 has been a positive year in awards and recognition for Computhink and its ViewWise Document Management System. In addition to the continued top rating from *CPA Technology Advisor*, Computhink received the "Best Channel Vendor 2010" Award from *Business Solutions Magazine* in January for the second consecutive year. Furthermore, ViewWise has again been nominated to win the "Best Channel Product" Award from *BSM*, an award previously won for the ECM and Data Capture Software and ECM Software - SMB categories last year. News on these results will be available later this month.
