

ViewWise® - The Choice for Architecture, Engineering, & Construction

Computhink provides Document Management / Content Management solutions for the Architectural, Engineering, and Construction markets. Computhink's ViewWise® streamlines business processes, improves customer service, reduces costs, and helps ensure compliance.

Sharing, collaboration and managing of project files, CAD drawings, and client and partner correspondence are paramount to an organization's viability and success. ViewWise was created in order to assist organizations by helping eliminate the content burden, improve customer service, automate processes, and generally improve the way they work. ViewWise supports over 400 file formats, including those imperative to the A/E/C industries such as AutoCad Drawing.

Recognized Accounting Benefits Include:

- Establish a central repository with access security privileges assigned
- Automate business processes and route documents and files
- Apply retention rules to documents
- Review Audit trails for user and document activity
- Facilitate collaboration from remote sites by providing online access to information and resources
- Complete document security and disaster recovery
- Reduction of paper, copy and storage costs
- Print, email, and fax right from ViewWise without the need for the native application
- Create annotations, redactions, revisions and versions
- Improve Compliance with federal regulations
- Provide online access of information to branch offices, remote workers, partners, and vendors

THE EASE OF USE IS EXTRAORDINARY!

The easy-to-use interface allows your organization to hit the ground running with ViewWise. Using a familiar structure and adhering to the rules of popular Microsoft software, your employees will have no problem utilizing ViewWise nearly immediately for an ROI turnaround
